I choose to lead with positivity.

I chose Brescia because of the Kinesiology program and because Brescia has always emphasized women empowerment. Brescia also has smaller class sizes compared to other universities, which is the learning environment I prefer. I have had many precious opportunities at Brescia to become a better leader. I took the leadership course at Brescia and was inspired by our class discussions. I believe we can all be leaders. I believe we can all lead change. I hope to be involved more in the community and contribute to inspiring people, even if it is just to make them smile. In the future I hope to be involved in sports science or a medical-related field. My dream job is to be a physiotherapist.

After Brescia

After you graduate from Brescia, you can apply for a post-graduate work permit. It will allow you to work in Canada for up to three years after you graduate.
I choose to lead with action.

During high school, I did not identify as a leader. It was not until I moved across the globe to Canada to attend Brescia that I realized my leadership abilities. The faculty played a major role in my development as a leader. I first attended Brescia as a Preliminary Year student because I wanted to ensure I was equipped to thrive in university. The Preliminary Year Program allowed me to get a feel for university classes and to learn what it is like to live on my own in a new country. I returned to Brescia to study Social Science because I enjoyed the small class sizes and the personal interactions with students and professors. I love the campus diversity and how we all respect one another. Brescia is my family away from home. The relationships I have created, the role models who mentor me, and the lessons I have learned are shaping me into a strong leader capable of making a difference in the world.

When you choose Brescia University College, you are choosing a distinctive educational path.

As Canada’s only women’s university, we offer a unique, exceptional learning environment where women like you are respected and valued. Our professors do not just lecture. They invite you into discussions and dialogue. They expect you to have an opinion and to speak your mind, even if you disagree with them. No matter which academic program you choose, your experience at Brescia will prepare you for future success—whether you return home or stay in Canada to work or pursue graduate studies.

Communication
Excel in oral, written, interpersonal, and group communication skills

Critical Thinking
Rational, informed, independent, and open-minded exploration of issues

Inquiry and Analysis
Break down complex issues to arrive at informed decisions

Problem Solving
Create and execute strategies to answer questions or achieve goals

Self Awareness and Development
Demonstrate honest and fair reflection and self evaluation

Social Awareness and Engagement
Engage in and contribute to positive change

Valuing
Make decisions and choose actions based on principles and values

THE Brescia COMPETENCIES ARE:

From your course assignments to your volunteer activities, Brescia’s seven competencies are woven into every part of your Brescia experience.

The BOLD Course
Set the stage for university success with the Brescia BOLD: IDS1200A/B, taught by Academic Dean Dr. Lauretta King and Associate Academic Dean Dr. John Mitchell. This interdisciplinary course for first-year students prepares you to live well, learn deeply, and lead in service to others. You will practice what it means to be part of a civil society and to thrive in a dynamic, diverse, and complex world.

PREPARE FOR YOUR FUTURE
I choose to lead with determination.

At Brescia I have had many opportunities to do what I love: lead and empower women. Whenever I have the potential to speak for women and their rights, I don’t hesitate. For example, during the Open Education Student-Faculty Showcase at Western, I presented a poster highlighting the ways open educational practices in teaching and learning have benefitted me. Thanks to Brescia, I took it further to not only advocate for the right to education, but also to make it open and accessible to everyone. I also had the honour of speaking at International Women’s Day alongside Dr. Izzeldin Abuelaish, a five-time Nobel Peace Prize nominee and internationally recognized human rights and peace activist. I spoke about how Brescia gave me hope and exposed me to diverse opportunities, academically, personally, and professionally. Brescia helps me grow every day and that is the most rewarding feeling.

In the future I want to be a registered dietitian and help people to eat healthy and reduce their risk for developing diseases.

WHEN YOU’RE A STUDENT AT BRESICA, YOU ARE ALSO A STUDENT AT WESTERN UNIVERSITY.

That is because Brescia is affiliated with Western, one of the largest and most prestigious universities in the province of Ontario. You will benefit from the small classes and close-knit community at Brescia as well as have access to all that Western and its other affiliates have to offer. When you graduate from Brescia, your degree will be granted by Western University.
WHAT’S GREAT ABOUT LONDON? EVERYTHING.

London is a mid-size city of about 533,000. Located in southwestern Ontario, it is the 11th largest city in Canada. You will find London to be incredibly welcoming to students. There is also plenty to see and do, such as:

- **The Factory**: Dine and play at Canada’s largest indoor adventure park.
- **Budweiser Gardens**: See your favourites in concert and attend festivals and other events.
- **JUNO Awards**: Attend fan events in London during this festival honoring Canadian music artists.
- **Victoria Park**: Hosts events, such as TD Sunfest, Canada’s celebration of world cultures.
- **Museum London**: Home to more than 5,000 works of art and 45,000 artifacts.
- **Covent Garden Market**: Buy local handicrafts, vegetables, fruits, flowers, and chocolate!
- **Thames Valley Trail**: This scenic paved trail stretches through a few of London’s parks.
- **East Park Golf**: Play 18 holes or rock climb, ride bumper cars, or enjoy the waterpark.
- **Dragon Gala**: Celebrate the Chinese New Year during this annual fundraising event at the London Convention Centre.

London’s population speaks about 100 different languages, according to the 2011 Census.

London has four beautiful and distinct seasons—from snowy winters, where temperatures can dip to minus 9 degrees Celsius, to hot summers when temperatures can rise above 26 degrees Celsius.

London is easily accessible by air, bus, or rail. The London International Airport is only about 13 km from Brescia. You can take a quick 40-minute flight to Toronto and fly from Toronto to more than 180 cities around the world!
I choose to lead with patience.

When I applied to Brescia, I was attracted to the beautiful residence. I really enjoy living in Clare Hall because it is a short walk to my classes and convenient to everything. I always know what is happening on campus because the residence assistants post reminders about upcoming events and other important things. I like all of the furniture that came with my room—especially the queen bed and the bedside lamp because I like to read before I go to sleep. On weekends, I spend time in the lounge watching TV shows; it is also a good place for making friends. I also love the food and atmosphere at the Mercato. I like to work there with a cup of coffee or sit at a big table and chat with my friends over some French fries. You can get many different kinds of food there, from Japanese sushi to Korean kimchi to Indian curry and Chinese dumplings. My favourite is Korean BBQ short ribs.

Brescia celebrates diversity and differences.

You will join students from all over the globe—from the Caribbean to Asia, the United States to the United Arab Emirates. While your backgrounds, cultures, and faiths may be different, you will be united by a desire to receive a student-centred education that will help you realize your future goals. You will feel welcomed, accepted, and supported. We will go out of our way to make sure you feel at home.

I choose to lead with confidence.

Coming from a small island where my biggest class had 25 students, I wanted to go to a university that offered me something similar. Brescia was the perfect choice. The class sizes are just right. The International Bridging Program was instrumental in helping me adjust. It offers many opportunities to see and experience London. It’s also where I made my first international friend. Because Brescia has a large number of international students, there are many opportunities to learn about other cultures and also to more fully embrace your own. Living in residence made me feel right at home, too. Not only do you have your own space, but you are also encouraged to get to know everyone on your floor through all the wonderful activities. The environment at Brescia is very relaxed. The professors actually care about the students. I feel peaceful here. I appreciate Brescia for extending its welcoming and loving arms to me. It’s a lovely university.

Through a Foods & Nutrition course I learned about the Japanese culture by experiencing it firsthand. Over 10 days in Tokyo and Ichikawa, Japan, I tasted many pieces. By stepping out of my comfort zone, I grew as a leader.

We have a variety of programs and resources to help you transition to life at Brescia and in London:

International Bridging Program: This program is designed to give you guidance on everything from academics to transportation. We will help you get your student card and bus pass, set up your bank account and mobile phone, settle into residence, and learn about Brescia and Canadian culture. We will tour London, checking out the best shops and restaurants, and visit Niagara Falls, too!

Orientation Week (“O-Week”): This five-day event is held before classes start. You will take part in fun activities geared to help you make new friends, learn your way around campus, and connect with the Brescia and Western community.

Soph Team: This dedicated group of upper-year students will be there with you during O-Week and beyond to offer you support and guidance throughout your first year at Brescia.

Student Connector Program: This program connects incoming international students with upper-year students who are called “ambassadors.” Your ambassador will help you transition to life at Brescia and in London, Canada.

We share a variety of programs and resources to help you transition to life at Brescia and in London:

I choose to lead with compassion.

I learned about Brescia from my educational mentor back home in Zimbabwe. I chose Brescia because I was inspired by Brescia’s commitment to educating women and helping them realise their true potential. Being an international student at Brescia has been a great experience. I get a chance to share my culture with others and also learn about their cultures. I have adapted to life in Canada through the support I receive from everyone at Brescia. My classroom experience here has been the best part of my overall college experience. The small class sizes give me the opportunity to have a good relationship with my professors. I can ask them questions whenever I need and get help at each and every step. As a student ambassador, I have gained confidence and improved my communication skills. In the future I want to be known as a leader who brings significant change to the delivery of healthcare to less privileged communities.
