## Updates from the Business Office

### Fall/Winter Tuition Fees

-The 2018-2019 academic year [Fee Schedule](#) is available on the Brescia web page.

Reminder to all students that your second installment of fees (ie. Your remaining balance) is due on December 01, 2018. Please continue to check your Brescia Personal Invoice. OSAP students need to verify that their January disbursement is enough to cover the remaining balance. If not, you will need to pay out of pocket by the deadline.

Please note: Any billing changes for students with a 3.5 course registration will be completed in January. If you would like to self-identify in advance please email [business@uwo.ca](mailto:business@uwo.ca)

\*All students should check their Brescia personal invoice accounts to ensure there are no outstanding fees from their first installment. Student accounts that have outstanding first installment fees will have a late fee applied to their invoices as well as a hold placed on their student accounts. You can contact [business@uwo.ca](mailto:business@uwo.ca) with any questions or concerns.

## Updates from the Financial Aid Office

### Brescia Scholarships/Awards/Bursaries

Students who have submitted a 2018-2019 Financial Assistance Application to be considered for a Brescia Bursary will be notified in November regarding the status of their application.

Email communication will be sent to your UWO email account with the decision. Stay tuned! A reminder that bursaries are applied directly to your Brescia Personal Invoice to apply against any outstanding balance.

### Bold Works - Work Study Programs

The program is now CLOSED for the 2018-2019 academic year, and all students, who applied by the deadline, should have been contacted regarding the decision on their application.

## OSAP Income Update Time

Students are encouraged to log into their OSAP Account and ensure that your income is updated and accurate. If you recall, when you applied for OSAP you “estimated” your income. Now it is time to update that income so that it reflects what you actually earned or expect to receive for the remainder of the school year. Some students may notice that you have a Confirmation of Income form to complete. It is important to complete this form by the deadline to see if you are eligible for additional funding.

All students can update their income online. Simply log in to your 18-19 full-time OSAP application, and you will see an option to “Provide your income” that will appear under the “Check Status” button. Review the income amounts currently on the application. Then either indicate “no change” or provide an update if the amounts have changed. It should only take a few moments. If you do not see this option on your OSAP application and need to make changes to your income information then you may complete an OSAP change form and submit it to the HIVE.

### Important Notes:

**Scholarships/Awards:** You will not have the option to update your scholarship/award income. If this information needs to be changed you will need to complete an OSAP Change Form from the Brescia webpage and submit to the HIVE. It will then be manually updated by the Financial Aid Officer.

**Brescia Bursary:** Any bursary/award where you received notification from Brescia that they would update this income to the Ministry on your behalf you do not need to report. Otherwise, it is up to the student to report.
