

EMAIL SENT MARCH 29, 2017

Dear Students;

You will have received an invitation mid-March from our Principal, Dr. Susan Mumm, regarding our two Visioning Days. These days are an opportunity to provide input into our next building project. We are very excited to announce that based on preliminary planning we are anticipating the new construction of an Academic Pavilion, including both laboratory and instructional spaces. The anticipated completion date is Fall 2019.

To assist in making this project as student-centered as possible, we are inviting you to join us in our “Visioning Days” with our architect firm, HDR.
