

March 15, 2020

8:30 p.m.

Brescia continues to work together with Western and the affiliates to monitor and respond to the evolving situation surrounding COVID-19.

On Saturday, March 14<sup>th</sup>, the Government of Canada announced that all travelers returning to Canada from abroad (including the U.S.) must self-isolate at home for 14 days, whether they are experiencing symptoms or not.

Brescia employees who are impacted by this directive should speak with their supervisor as soon as possible. [Middlesex-London Health Unit has resources available](#) to help members of the community learn how to properly self-isolate.

We understand that supervisors across campus may have questions about how this self-isolation requirement may impact operations. If you have questions, please contact Elana Whelan at [ewhela@uwo.ca](mailto:ewhela@uwo.ca) or 519-432-8353 ext. 28394.

We appreciate your patience and understanding as we work together through these challenging times. Let us continue to reach out and offer support to each other and do our part to ensure the safety and health of our community.

Sincerely,

Susan Mumm, D. Phil, FRHistS
