

Good evening,

Today an announcement was made by the Middlesex London Health Unit (MLHU), that on Monday, March 1, 2021, Middlesex-London region will move to the [Orange: Restrict framework](#) within the Ontario [COVID-19 response framework](#).

Members of the Pandemic Planning working group met yesterday to respond to the changes taking place in the local community and to respond accordingly to the impacts any decision by public health may have on us at Brescia. Our response continues to be made with the priorities of maintaining the health and safety of students, faculty and staff, providing continuity of critical services, and for preservation of our premises. Our guiding principals for decision making with regards to our employees are minimizing hardship for employees, equity (equitable application of processes), and openness and transparency.

As we have an active case of COVID-19 on campus, we have determined that it is important for Brescia to remain under our [Campus "Red" Framework guidelines](#) for the quarantine period of two weeks, to end March 9, 2021.

Please let me know if you have any questions!

Ingrid Christensen
Acting Director of Human Resources
