**Place of Fr 1002 in French studies at Brescia**

this is an intensive preparatory course designed for students with little or no experience of French. Successful completion of French 1002 will give students a level of competency approximately equivalent to that of mid-secondary school. Fr 1002 is designed to prepare students for Fr 1010, successful completion of which renders students eligible for admission to Brescia's first-year French credit course, Fr 1910.

**Instructional Objectives:**

successful completion of this introductory level course will indicate that the student has sufficiently developed his or her linguistic performance - in oral and written expression; and oral and written comprehension - to put into practice the acquired phonetic, lexical, syntactic, grammatical and cultural elements which, as established by the **Common European Framework of Reference for Languages**, are those of the foreign language student at the "**A1 Breakthrough or beginner**" level - please consult the following links:

## **Overview of Class & Lab Work:**

classroom work involves note taking, regular readings, oral group and individual exercises of application, as

well as written exercises. Students will do exercises and activities individually, with partners and in groups. The language lab program consists essentially of oral, and aural components, i.e. French language content mediated primarily through oral activities.

**Class & Lab Attendance:**

regular attendance and active participation in class and lab sessions are necessary ingredients for success. Attendance is recorded. It is important to arrive on time and to stay to the end of class. Please advise your professor in case of unavoidable absences, such as illness or family emergencies and be prepared to provide documentation.

**Language lab assignments:  
(to be submitted):**

there is 1 laboratory assignment per term, based on content indicated in the “Laboratory Manual” section of the SAM (Student Activity Manual)- details to follow. Due dates of assignments are indicated below on the course “Assignment Timetable/Emploi du Temps”.

**Term Tests:**

there is 1 written term test per term based on the material in the textbook studied in class (see assignment timetable/*emploi du temps* for dates). Requests to write a make-up test will be granted only in special circumstances upon submission of documentation. Prior notification of the professor, where possible, of an absence during a scheduled test, is required before permission to write a make-up test is given.

**Written Homework Assignments:**

there are 6 assignments (6 assignments based on 6 of the 7 chapters studied in the textbook), each consisting of selected workbook exercises based on chapters 1-6 of textbook. These assignments must be submitted by the due date, failing which a penalty of – 2% per day is imposed up to a maximum of 10% (5 school days, after which assignments will not be accepted). Most of the answers to the questions posed in the exercises are made available to the students in the form of “answer keys” found on the Fr 1002 section 570 course site in Western’s course delivery platform *Sakai*. What is required of each student is that he or she submit all original answers, **as well as corrections** made to the latter, should errors be made. Marks will not be deducted for incorrect original answers; **marks will be deducted**, however, **if exercises are incomplete, not done, or consistently and extensively done incorrectly**, the latter state of affairs indicating the student’s fundamental incomprehension of the language point(s) at issue. Since the students will themselves do the checking and correcting of their answers, it is imperative that this

work be done conscientiously and very thoroughly; imperative also, it goes without saying, that the students not merely copy the correct answers, and submit their assignments with answers which are not their own, and which they do not necessarily understand. The students who do the preceding, will not only have committed a grave academic infraction, but will also be at a serious disadvantage when they write there 2 term tests (2x15% = 30%), and their final exam (35%).

For some of the exercises, the answer key bears the indication "Answers will vary", "Possible answers" and "Suggested answers". The answers given here are not the only correct answers. For such exercises, as is the case with the others mentioned above, no marks are deducted for original incorrect answers; however, if it is evident that students have merely copied the suggested or possible answers found in the answer key, a penalty is imposed.

**Final Examination:**

there is a 3hour final **cumulative** exam during the April exam period; there is no mid-term exam in December.

**BRESCIA COMPETENCIES**

Upon successful completion of this course, students will be able to:

**1. display the communication competency by being able to:**

- demonstrate understanding and mastery of some basic grammatical concepts;
- apply new vocabulary, grammar and pronunciation to various communication situations;
- apply their knowledge and skills in oral and written comprehension and production in simple authentic communication situations;
- contribute to conversation by offering personal comments that are relevant;

**2. demonstrate the Inquiry, and Analysis and Information Literacy competencies by being able to:**

- evaluate evidence to identify patterns, differences, similarities, limitations, implications, etc. and relate a particular case to a general (grammatical, phonetic) rule;
- analyze their own limitations and weaknesses; find the appropriate available information (in dictionary, grammar books, internet, etc.) to complement and develop knowledge and skills;
- seek help when needed (ask questions of the professor, go to the writing center, etc.);
- compare different strategies for personally managing and mastering information.

**2018-19 BRESCIA UNIVERSITY COLLEGE ACADEMIC POLICIES AND REGULATIONS**

**1. POLICY REGARDING MAKEUP EXAMS AND EXTENSIONS OF DEADLINES**

When a student requests academic accommodation (e.g., extension of a deadline, a makeup exam) for work representing 10% or more of the student's overall grade in the course, it is the responsibility of the student to provide acceptable documentation to support a medical or

compassionate claim. All such requests for academic accommodation must be made through an Academic Advisor and include supporting documentation.

Academic accommodation for illness will be granted only if the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete her academic responsibilities. Minor ailments typically treated by over-the-counter medications will not normally be accommodated.

Students must submit their documentation along with a request for relief specifying the nature of the accommodation being requested no later than two business days after the date specified for resuming responsibilities. In cases where there might be an extended absence or serious issue, students should submit their documentation promptly and consult their Academic Advisor for advice during their recovery period. Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, examinations, etc. Appropriate academic accommodation will be determined by the Dean's Office/Academic Advisor in consultation with the student's instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements for classes/labs/tutorials, arranging Special Exams or Incompletes, re-weighting course requirements, or granting late withdrawals without academic penalty

Please note that personal commitments (e.g., vacation flight bookings, work schedule) which conflict with a scheduled test, exam or course requirement are not grounds for academic accommodation.

A UWO Student Medical Certificate (SMC) is required if a student is seeking academic accommodation on medical grounds. This documentation should be obtained at the time of the initial consultation with the physician/nurse practitioner or walk-in clinic. A SMC can be downloaded from: [http://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/medicalform.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf) . The student must request documentation sufficient to demonstrate that her ability to meet academic responsibilities was seriously affected. Please note that under University Senate regulations documentation stating simply that the student "was seen for a medical reason" or "was ill" is not adequate to support a request for academic accommodation.

The full policy on requesting accommodation due to illness can be viewed at:

[http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page\\_12](http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_12)

## **2. ACADEMIC CONCERNS**

If you feel that you have a medical or personal challenge that is interfering with your work, contact your instructor and Academic Advisor as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. Retroactive requests for academic accommodation on medical or compassionate grounds are not normally considered.

If you think that you are too far behind to catch up or that your work load is not manageable, you should consult your Academic Advisor. If you consider reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines (refer to the Registrar's website, <http://brescia.uwo.ca/academics/registrar-services/> or the list of official sessional dates in the Academic Calendar, see the Sessional Dates tab at

<http://www.westerncalendar.uwo.ca/index.cfm?SelectedCalendar=Live&ArchiveID=> ). You should consult with the course instructor and the Academic Advisor who can help you consider alternatives to dropping one or more courses. Note that dropping a course may affect OSAP eligibility and/or Entrance Scholarship eligibility.

## **3. ABSENCES**

Short Absences: If you miss a class due to a minor illness or other problems, check your course outline for information regarding attendance requirements and make sure you are not missing a test or assignment.

Cover any readings and arrange to borrow notes from a classmate. Contact the course instructor if you have any questions.

Extended Absences: If you have an extended absence, you should contact the course instructor and an Academic Advisor. Your course instructor and Academic Advisor can discuss ways for you to catch up on missed work and arrange academic accommodations, if appropriate and warranted.

It is important to note that the Academic Dean may refuse permission to write the final examination in a course if the student has failed to maintain satisfactory academic standing throughout the year or for too frequent absence from the class or laboratory ([http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=5&SelectedCalendar=Live&ArchiveID=#SubHeading\\_68](http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=5&SelectedCalendar=Live&ArchiveID=#SubHeading_68) ).

#### **4. SCHOLASTIC OFFENCES**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence, at:

[http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page\\_20](http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_20) .

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offences. Note that such offences include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. Students are advised to consult the section on Scholastic Discipline for Undergraduate Students in the Academic Calendar.

If you are in doubt about whether what you are doing is inappropriate or not, consult your instructor, the Academic Dean's Office, or the Registrar. A claim that "you didn't know it was wrong" is not accepted as an excuse.

The penalties for a student guilty of a scholastic offence (including plagiarism) include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

Plagiarism:

Students must write their essays and assignments in their own words. Whenever students take an idea or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a major academic offence.

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com (<http://www.turnitin.com>).

Computer-marked Tests/exams:

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating. Software currently in use to score computer-marked multiple-choice tests and exams performs a similarity review as part of standard exam analysis.

## **5. PROCEDURES FOR APPEALING ACADEMIC EVALUATIONS**

All appeals of a grade must be directed first to the course instructor. If the student is not satisfied with the decision of the course instructor, a written appeal is to be sent to the School Chair. If the response of the Chair is considered unsatisfactory to the student, she may then submit a written appeal to the Office of the Dean. If the student is not satisfied with the decision of the Dean, she may appeal to the Senate Review Board Academic (SRBA), if there are sufficient grounds for the appeal. For information on academic appeals you can consult your Academic Advisor or see the Student Academic Appeals – Undergraduate in the Academic Calendar

[http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page\\_14](http://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_14).

Note that final course marks are not official until the Academic Dean has reviewed and signed the final grade report for the course. If course marks deviate from acceptable and appropriate standards, the Academic Dean may require grades to be adjusted to align them with accepted grading practices.

## **6. PREREQUISITES**

Unless you have either the prerequisites for a course or written special permission from the Dean to enroll in it, you will be removed from the course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisite(s).
