

How to Find Full-Text Articles from a Citation

Reading a Citation

Jorge, Jacqueline, Patricia de Witt, and Denise Franzsen. “The Effect of a Two-Week Sensory Diet on Fussy Infants with Regulatory Sensory Processing Disorder.” *South African Journal of Occupational Therapy* 43, no. 3 (January 1, 2013): 28-34.

| | |
|------------------|------------------------|
| A. Author(s) | B. Article Title |
| C. Journal Title | D. Volume Number |
| E. Issue Number | F. Date of Publication |
| G. Page Numbers | |

Quick Search Method

1. Go to the Western Libraries website at lib.uwo.ca
2. Search the article title in the Omni search bar
3. Locate the result, verifying that all other information (i.e. the author(s), journal title, volume and issue number, etc.) matches what is given in the original citation
4. Click on the title to open the detailed view pane and scroll down to the “View Online” section. Click on any of the links shown under “Full Text Availability” to be taken to the database where the article lives. From there, you can either read the article or download the article as a PDF
